

# keep me breathing

Sam Tompkins

I draw lines too quick  
But I know what's underneath them  
Cause I can't take the risk  
So I won't try to beat them

Time and time again  
I've listened to my mother  
But the walls are caving in  
I think I'm goin' under

Keep me breathin'  
Keep me breathin'

I just wanna see the sun  
I just wanna live  
I wanna keep breathin'

I sail my own ship  
So I don't let this sink  
I might fail and lose grip  
When I'm low  
But I won't quit

Time and time again  
I've listened to my mother  
But the walls are caving in  
I think I'm goin' under

Keep me breathin'  
Keep me breathin'

I just wanna see the sun  
I just wanna live  
I wanna keep breathin'

Keep me breathin'  
Keep me breathin'

I just wanna see the sun  
I just wanna live  
I wanna keep breathin'
