I can't hold your body right  
If you stay with me tonight  
Don't start holding back now  
I can find another girl, nah

Girl we getting closer  
I'm up the wall like a poster, nah, ahaha  
Sex drive, I'll chauffeur  
Spread it all out on the sofa, nah, ahaha

Your body could set this club alright  
I know you're haunted  
Cause there's a fire in your eyes  
That says you wanna ride  
I don't want another girl

Girl we getting closer  
Gott you up against the wall like a poster  
Sex drive, I'll chauffeur  
Spread it all out on the sofa

You and me, same page  
At my place, same page  
Got that body shape and that mind frame  
Baby, you belong on the main stage  
Say you and me, same page (we on the same page, you're looking my way)
