Sam Tsui

The days keeps on turning
The living, the learning, the long goodbyes
That far destination
A horse that keeps chasing a lonely prize

I'm spinning in circles
Get lost in the blur of the colors and crowds
The ups and the downs, oh
I've been trying to let go
Let the ride lift me up off the ground

And we go round and round
Riding a carousel
Lost in the light and sound
It's only temporary
No way to tell
If we're
Running out of time
If we are that's fine
Just don't make me ride by myself
Ride by myself
So 'till it all slows down
Ride with me round and round
On this carousel

Holding on tight
Through the shadows and light we're just passing by
Over and over
Just when we get close it falls out of sight

I'm spinning to music
Get dizzy and lose what I thought I had found
I'm up and I'm down, oh
I've been trying to let go
Let the ride lift me up off the ground

And we go round and round
Riding a carousel
Lost in the light and sound
It's only temporary
No way to tell
If we're
Running out of time
If we are that's fine
Just don't make me ride by myself
Ride by myself
So 'till it all slows down
Ride with me round and round
On this carousel, oh
On this carousel

Round and round and round and round and round and round and round and round
and round we go
Round and round we go, oh
Round and round and round and round and round and round and round and round
and round we go, oh

Round and round
Riding a carousel
Lost in the light and sound
It's only temporary
No way to tell
If we're
Running out of time
If we are that's fine
Just don't make me ride by myself
Ride by myself
So 'till it all slows down
Ride with me round and round and round and round
Till it all slows down
Ride with me round and round
On this carousel
