

Cold Hands

Sam Tsui

You've been out for so long
In the snow and the ice
It's been hours and hours all thawed
Your mittens are frozen
It seems like you might
Be searching for someone to hold

Your cold hands
Warm them by the fireplace
Settle and I'll clear a space
Hang your coat to dry
Cold hands
Wrapped around a coffee cup
Take a sip and cozy up
Darling, I won't mind (Darling, I won't mind)
If like the tinsel on the tree
Our fingers intertwined
'Til your cold hands are warm in mine

In the glow of the Christmas tree peaceful and still
With ornaments silver and gold
I look in your eyes and my heart feels a thrill
When whispering softly and fold

Your cold hands
Waiting for your thumbs to thaw
Those pinkies won't stay numb for long
Now that we're inside
Cold hands
Wrapped in blankets on the rug
We'll be feeling safe and snug
Losing track of time (Losing track of time)
And while the world is frozen
We'll be cozy on cloud nine
'Til your cold hands are warm in mine

Darling, I won't mind (Darling, I won't mind)
If like the tinsel on the tree
Our fingers intertwined
'Til your cold hands are warm in mine
'Til your cold hands are warm in mine
