

# Don't Want An Ending

Sam Tsui

I don't wanna fall out  
But we're all out of time  
(Is this over?)  
(Don't want an ending)  
In one day  
No way you'll be mine  
(Is this over?)  
(Don't want an ending)

Ooohhh...

My heart is running on empty  
One more day and then we go  
Yeah, the time goes on now  
Don't ask me how  
I don't know  
We'll be home tomorrow  
But a thousand miles too far away  
Say you won't forget and I'll be okay

At least tonight  
It's just you and me and honestly  
That's everything I need

I don't wanna fall out  
But we're all out of time  
(Is this over?)  
(Don't want an ending)  
In one day  
No way you'll be mine  
(Is this over?)  
(Don't want an ending)

Tonight's the countdown  
'Til the day we're not around  
(Is this over?)  
(Don't want an ending)  
And you're gone  
And we're on with our lives  
(Is this over?)  
(Don't want an ending)  
No, don't want an ending

The days turn to hours  
And it's just a moment before they go  
I'm scared to say goodbye 'cause  
What's after that  
I don't know  
And as years flew past us  
If we lose track or lose the fight  
I will search forever to find the way back to tonight

Where it's just you and me and honestly  
That's everything I need

I don't wanna fall out  
But we're all out of time

(Is this over?)  
(Don't want an ending)  
In one day  
No way you'll be mine  
(Is this over?)  
(Don't want an ending)

Tonight's the countdown  
'Til the day we're not around  
(Is this over?)  
(Don't want an ending)  
And you're gone  
And we're on with our lives  
(Is this over?)  
(Don't want an ending)

We say, "See ya, later"  
But I know there's no way  
We're around here again  
And every until next time  
Feels like one back punch line  
And I don't want that again.

[x2]  
I don't wanna fall out  
But we're all out of time  
(Is this over?)  
(Don't want an ending)  
In one day  
No way you'll be mine  
(Is this over?)  
(Don't want an ending)

Tonight's the countdown  
'Til the day we're not around  
(Is this over?)  
(Don't want an ending)  
And you're gone  
And we're on with our lives  
(Is this over?)  
(Don't want an ending)  
No, I don't want an ending  
Don't want an ending  
Don't want an ending
