

Gold Jacket

Sam Tsui

(Stuck in my head
But I always feel better
When I put on my gold jacket
Face in the mirror
I feel myself falling
Back down into those old habits
I put on my gold jacket)

I've been so cold
In an old sweater
I can't let go
Yesterday's weather

Got this heart right out on my sleeve
Under pressure, pressure, it's killing me
Dress it up in a fantasy
I'll be keeping it together

Stuck in my head
But I always feel better
When I put on my gold jacket
Face in the mirror
I feel myself falling
Back down into those old habits
I, I think I'm gonna spend tonight
In my shining armor, yeah
Stuck in my head
I can't help it whenever
I fall into these old habits
I put on my gold jacket

(Gold jacket, gold, gold jacket, gold jacket, gold)
I put on my gold, I put on my gold, gold jacket
(Gold jacket, gold, gold jacket, gold jacket, gold)
I put on my gold, I put on my gold, gold jacket

Take a picture
Make it last longer
Gilded elixir
Can make a man stronger

Try to give you the best of me
But the pressure, pressure, it gets to me
Dress it up in a fantasy
I'll be keeping it together

Stuck in my head
But I always feel better
When I put on my gold jacket
Face in the mirror
I feel myself falling
Back down into those old habits
I, I think I'm gonna spend tonight
In my shining armor, yeah
Stuck in my head
I can't help it whenever
I fall into these old habits

I put on my gold jacket

(Gold jacket, gold, gold jacket, gold jacket, gold)
I put on my gold, I put on my gold, gold jacket
(Gold jacket, gold, gold jacket, gold jacket, gold)
I put on my gold, I put on my gold, gold jacket

(Nothing matters if you [?] tonight
Under the light, under the light, under the light)
I put on my gold, I put on my gold, gold jacket
(Nothing matters if you [?] tonight
Under the light, under the light, under the light)
I put on my gold, I put on my gold, gold jacket

Kiss you goodbye, old habits
Now I'm in my, gold jacket
Don't give a ah... so savage
When I'm in my, gold jacket

(Dress it up) Kiss you goodbye (Dress it up)
(Dress it up) Old habits (Dress it up)
(Dress it up, yeah) Now I'm in my, gold jacket
(Dress it up) Don't give a ah... (Dress it up)
(Dress it up) so savage (Dress it up)
(Dress it up, yeah) When I'm in my, gold jacket

I put on my gold jacket

(Gold jacket, gold, gold jacket, gold jacket, gold)
I put on my gold, I put on my gold, gold jacket
(Gold jacket, gold, gold jacket, gold jacket, gold)
I put on my gold, I put on my gold, gold jacket

(Nothing matters if you [?] tonight
Under the light, under the light, under the light)
I put on my gold, I put on my gold, gold jacket
(Nothing matters if you [?] tonight
Under the light, under the light, under the light)
I put on my gold, I put on my gold, gold jacket

Kiss you goodbye, old habits
Now I'm in my, gold jacket
