

# Unexpectedly

Sam Tsui

Lacked something out of the blue  
I wasn't looking for ya  
You told me: "Try something new."  
And how could I ignore ya?  
Clear to see  
You snuck up on me  
Who would have guessed it got me..  
Unexpectedly?

Never even saw it coming  
And now I'm underneath a spell  
I was least expecting something  
But you've got me feeling things I've never felt, hmmm

My, my, my  
You even took me by surpr-i-ise  
Did you even have to try-y-y?  
Before I even knew it,  
I was on your ride.

Lacked something out of the blue  
I wasn't looking for ya  
You told me: "Try something new."  
And how could I ignore ya?  
Clear to see  
You snuck up on me  
Who would have guessed it got me..  
Unexpectedly?

Unexpectedly!

Who would have guessed it got me..  
Unexpectedly?

My my my  
Before I even knew it  
I was on your ride!

Lacked something out of the blue  
I wasn't looking for ya  
You told me: "Try something new."  
And how could I ignore ya?  
Clear to see  
You snuck up on me  
Who would have guessed it got me..  
Unexpectedly?

Oh babe, yeah!

Unexpectedly!

Who would have guessed it got me..  
Unexpectedly?
