

Don't Say It

Samantha Fish

You don't want to solve it, deep down here in the dirt
The devil's in the details baby, you know how to make it hurt
Your eyes don't match what your lips are sayin', you just want
the last word
But all I ever wanted, is only to be heard

You say it's just the truth, like I meant nothing to you
It's gonna leave a bruise on me
You say it's just the truth, but it's only an excuse
Come on, cut it loose and leave

Pick up a thousand pieces, oh, blindly in the dark
You say there's something out there for you, it's just a cruel
remark
Some other girl she may adore you, another trick you wanna try
But why cut me on the way out? Just leave it at goodbye

You say it's just the truth, like I meant nothing to you
It's gonna leave a bruise on me
You say it's just the truth, but it's only an excuse
Come on, cut it loose and leave

Don't say it, don't say it, don't say it
Don't say you were never ever mine
Don't say it, don't say it, don't say it
Don't speak the truth after all this time

Don't say it, don't say it, don't say it
Don't say you were never ever mine
Don't say it, don't say it, don't say it
Don't speak the truth after all this time
Don't say it, don't say it, don't say it
Don't say you were never ever mine
Don't say it, don't say it, don't say it
Don't speak the truth after all this time

Don't say it, don't say it, don't say it
Don't say you were never ever mine
Don't say it, don't say it, don't say it
Don't speak the truth after all this time
Don't say it, don't say it, don't say it
Don't say you were never ever mine
Don't say it, don't say it, don't say it
Don't speak the truth after all this time
