Samantha Fish

Come on, right here, I'm gonna be a little forward
So shy, locked eyes, why you sitting in the corner
I'll be nice, I won't bite, can ya come a little closer?
It's alright, I just might be the type to wanna be a little bol
der

I wanna ooh, I wanna ooh
You're gonna ooh
That's how I'll make your heart beat faster, faster
I wanna ooh, I wanna ooh
You're gonna ooh
That's how I'll make your heart beat faster, faster

Oh well, do tell, do you need some motivation
Come here, right now cause I got an inclination
Let's fight and make up, like a story in a movie
One night, break up where ya, role play like a groupie
I wanna

I wanna ooh, I wanna ooh
You're gonna ooh
That's how I'll make your heart beat faster, faster
I wanna ooh, I wanna ooh
You're gonna ooh
That's how I'll make your heart beat faster, faster

I wanna ooh, I wanna ooh
You're gonna ooh
That's how I'll make your heart beat faster, faster
I wanna ooh, I wanna ooh
You're gonna ooh
That's how I'll make your heart beat faster, faster
