

He did it

Samantha Fish

He, yes, he did it
And he, oh, he said it
But he, he'll regret it

Let me tell you, oh
I don't understand his alibi
And I don't understand his reasons why
And I don't understand right or wrong
Oh, he, yes he did it, and he's gone

Oh, how he fooled me
Well, well, he used me
And, he accused me

Let me tell you, oh
I don't understand his alibi
And I don't understand his reasons why
And I don't understand right or wrong

Oh, he, yes he did it, and he's gone
He's gone now

Oh, he shamed me
Well, well he blamed me
But I, I'm not guilty

Let me tell you, oh
I don't understand his alibi
And I don't understand his reasons why
And I don't understand right or wrong
Oh, he, yes he did it, and he's gone
He's gone now
He did it, na, na
But he's gone, oh
He's gone
