

Leavin It All at Home

Samantha Fish

If you get lost
Honey, don't be found
They'll pull you up
Just to put you back down
Still I can't assist 'em
Creating a new life
Pay no attention
As they roll the dice

That's why I'm runnin'
I'm leavin' it all at home
They gave me nothin'
That I couldn't get on my own
On my own
Uh

The name of the game
Keep them on their toes
There's nothing to gain
When you got something you owe
Create a diversion
To draw you aside
Where it's confusion
Oh to blind your eyes?

That's why I'm runnin'
I'm leavin' it all at home
They gave me nothing
That I couldn't get on my own
On my own
Yeah

If you learn quickly
Don't play by their rules
Well listen to me baby
Cause I'm building walls
Only built to fool
Now you can follow me
Cause I'm heading for the door
They couldn't find me that feelin' oh
Oh that I'm looking for

That's why I'm runnin'
I'm leavin' it all at home
They gave me nothing
That I couldn't get on my own
Yeah that I couldn't get on my own
No no no no no that I couldn't get on my own
Oh yeah
