

# Love Your Lies

Samantha Fish

I looked up and saw my my darkest days before me  
I don't need it, I don't want it, just f\*cking say you're sorry

Maybe you're gonna just get by  
Maybe you're gonna someday come alive  
Maybe I'm gonna learn this time  
Maybe I'll be living another lie  
You know I love your lies

My best friend, my lover, I think you're tied to another  
You held me so closely, I was so hollow when you chose me

Maybe you're gonna just get by  
Maybe you're gonna someday come alive  
Maybe I'm gonna learn this time  
Maybe I'll be living another lie  
You know I love your lies

Maybe you're gonna just get by  
Maybe you're gonna someday come alive  
Maybe I'm gonna learn this time  
Maybe I'll be living another lie  
You know I love your lies
