

Over You

Samantha Fish

Young hearts
They're all alike
Filled with questions of - oh - sleepless nights
It made no difference
It didn't change your mind
No I was here in darker times

But I'm over you
You won't get the best of me
I'm over you
A restless heart
Won't you let me be

The warm breeze it touches my skin
Almost forgot the coldness that you brought in
You never listen to a - to a word I say
I wouldn't have it any other way

'Cause I'm over you
You won't get the best of me
Oh I'm over you

A restless heart
Won't you let me be

Toll-booth trails and south-bound stars
You were following your madness
I was following my heart
Echoing words that I never - never make it on my own
Now there's miles between us I ain't coming home

'Cause I'm over you
You won't get the - oh - the best of me babe
'Cause I'm over you
A restless heart
Won't you let me be

'Cause I'm over you
You can't have - oh - the best of me
Now I'm over you
A reckless heart
Won't you let me be
