

Rusty Razor

Samantha Fish

The older you get the better at breaking bad news
Doomsday's a Tuesday now, we loosened all the tighter screws
Thought the love I lost would be my biggest, deepest wound
But friends and lovers fall before the call could go through

Bring me to my knees, better come back later
You come around, cut me down, like a rusty razor
Beggin' for ya please on my best behavior
Ow ow ow ow ow don't hurt me baby
Ow ow ow ow ow don't hurt me baby

Sweet little nepo-baby poisoned by the silver spoon
You touched the summit of success but it all came too soon
Most people have to crawl and claw their way past black and blue
The unjust ego an assault on every unpaid due

Bring me to my knees, better come back later
You come around, cut me down, like a rusty razor
Beggin' for ya please on my best behavior
Ow ow ow ow ow don't hurt me baby
Ow ow ow ow ow don't hurt me baby

Bring me to my knees, better come back later
You come around and cut me down just like a rusty razor
Beggin' for ya please on my best behavior
You come around and cut me down just like a rusty razor
Beggin' on my knees on my best behavior
Ow ow ow ow ow don't hurt me baby
Ow ow ow ow ow don't hurt me baby
Ow ow ow ow ow don't hurt me baby
Ow ow ow ow ow don't hurt me baby
