

You can't go

Samantha Fish

Wait a minute, wait up
I'm telling you truth
I don't love nobody but you
I don't want nobody else
I just got to have you, honey, to myself
Now my friends, they laugh
They say I'm gonna cry
But without your love
I know I'm surely gonna die

Oh, no, baby
Oh, no, baby
I got to have you now, baby
Oh, no, baby

I don't mind being alone
Just as long as I know you're coming back home
I don't want nobody else
I just got to have you, honey, to myself
I don't need nobody else
I gotta get that uh, [?]

Oh, no, baby
Oh, no
I got to have you now, baby

Hey

Baby, everyday
I can't stand it if you walk away
Listen to the beat of my heart
Listen to the beat of my heart now

I don't mind being alone
Just as long as I know you're coming back home
You can go out, have a real good time
Just as long as I know that you're all mine
I don't want nobody else
I gotta get that, uh, [?]

Oh, no, baby
Oh, no
I got to have you now, baby
Hey

I said, oh baby, everyday
I can't stand it if you go away
Oh, listen to the beat of my heart now
Oh, listen to the beat of my heart now
