

Angel With An Attitude

Samantha Fox

Touching You, Touching you, Touching you
Open Your Door

Touching You Everywhere
Where I've Never Said Before
And I Can'T Believe That
I Believe I've Finally Opened Your Door

Whispered Words To silent Ears
They've All Been Said Before
Or Will You Run And Hide So Safe Inside
open The Door

Oh, oh, oh, oh
Then Again
Nothing Kills Me, Nothing Heals Me
Like You Do, Like you Do
Nothing Kills Me, Nothing Heals Me
Like You Do

Angel, Angel With An Attitude
Spread My Wings Of Solitude
And Help Me Fly Again
Angel

Sanctify A Broken Lie
Can You Hold The Flame
That Dares To Set Alight
Your Darkest Night
Open The Door

Up Here In No Man's Land
Where The Moment Is So Real
I Wondered About That Star
And Where You Are
I've Open The Door

Oh, oh, oh, oh
Then Again
Nothing Kills Me, Nothing Heals Me
Like You Do, Like You Do
Nothing Kills Me, Nothing Heals Me,
Like You Do

Angel, Angel Whith An Attirude
Spread My Wings Of Solitude
And Helpp Me Fly Again
