

# Let Me Be Free

Samantha Fox

Do what you wanna dodo  
What you wanna dodo  
What you wanna dodo  
What you wanna dodo  
What you wanna dodo

What you wanna dothere  
Was a timewhen we did all  
The things we wanted to do

You were herefor meand  
Gave me lovingwhen I needed you  
Make up your mind  
And give me the answer  
I guess you wanted to know this from me

No painno tears  
I'm telling you  
Just let me be free

You can do what you wanna  
Say what you wanna  
Just let me be free

You can do what you wanna  
Say what you wanna  
Just let me be free

You can do what you wanna  
Say what you wanna  
Just let me be free

Living with you ain't  
Just the same as we did before  
To be honest with you  
I don't wanna be your lover

Make up your mind  
And give me the answer  
Where are we going  
Together from here

No time for tears  
I don't want this no more  
Please let me be free  
Let me be freelet me be free

Do what you wanna dodo  
What you wanna dodo  
What you wanna dodo  
What you wanna dodo  
What you wanna dodo  
What you wanna dodo  
Let me be freelet me be free
