The Reason Is You (One on One)

Samantha Fox

Run, run baby run, run
I dont wanna loose you
Run, run baby run, run
I dont wanna loose you
Run, run baby run, run
The reason is you

You said that everything is all right
Stop coming on strong
In the middle of the night
I need you right beside me
You were meant for me

In my dreams I see it clearly
Just you and me
Show me the way to heaven
This love will always be

One on one
Lets get it on get it on baby
This could be
Ya giving me ecstasy baby

Run, run baby run, run
I dont wanna loose you
Run, run baby run, run
I dont wanna loose you
Run, run baby run, run
The reason is you

You said that everything is all right
Stop coming on strong
In the middle of the night
I need you right beside me
You were meant for me

Each time I think of you
My heads in a spin
Take me now and show me
The real thing
Forever love will always win...
