## **Threw Our Love Away**

## Samantha Fox

Don't you know when I saw you babe I, wanted you to come with me By my side now and forever Wrapped up in our fantasy

The touch of your skin Gave me my dreams You didn't say, that you'd break my heart

Threw our love away.... Away

So I surrender now that I'm, free again Loving you was all to easy, I've Only got myself to blame

The touch of your skin gave me my dreams You didn't say that you'd break my heart Ahh

Threw our love away Ahh Away

Don't you know when I saw you babe I wanted you to come with me By my side now and forever

Wrapped up in our fantasy The touch of your skin gave me my dreams You didn't say you'd break my heart

Threw our love away Ahh Away Ahh
