

Wasted N.R.G.

Samantha Fox

Oh wasted energy
Wasted energy
Energise my love

I'm feeling kind of crazy
Boy, what you come here for
Do you feel the same as me
Let's hit the floor close together
I can feel the vibe

No doubt about it
You know you wanna be free
No doubt about it
You wanna be free

Oh wasted energy
If you wanna waste it
Then waste it on me

Don't waste your energy
'Cause baby if you want to
Then waste it on me

Feel it in my body
I feel it in my soul
Never want this feeling to ever go
Take me higher
Satisfy my love

No doubt about it
You know you wanna be free
No doubt about it
You wanna be free

Oh wasted energy
If you wanna waste it
Then waste it on me

Don't waste your energy
'Cause baby if you want to
Then waste it on me

You wanna be free
You wanna be free

Don't you waste it

Don't waste your energy
'Cause baby if you want to
Then waste it on me

Oh wasted energy
If you wanna waste it
Then waste it on me

Don't waste your energy
'Cause baby if you want to

Then waste it on me
