

You Started Something

Samantha Fox

In the beginning I wasn't certain
We said we'd take it day by day
I thought that you were like all the others
Then you stole my heart away
I thought we'd come to some kind of understanding
I thought that our love was more than a miss

You started something
I'm begging you to stay
You started something
You know you'll turn away
I tell you one thing
No matter what you say
You started something
You just can't walk away
You just can't turn away

I never said I had all the answers
To the questions in your heart
You shouldn't start things that you can't finish
Now you're breaking us apart
Do you believe that our love was so demanding
I wanna hold on to what we have got

I thought we'd come to some kind of understanding
I thought that our love was more than a miss
