

Hard To Get

Samantha Harvey

I want you to be hard to get
I want you to be, I want you to be

I missed the train last night
See if you come and pick me up
You picked me up
I couldn't help but feel a little disappointed
By your loyalty
Yeah, it's messed up

Baby, don't you know
We could have more fun
If I don't get what I want?
So pay attention because
Oh, we could play this game
In a different way
Don't wanna feel like I've won

I want you to be hard to get
Nothing good comes for free
Can't you pretend you're hard to get?
I want you to be, I want you to be
'Cause everyday I look through my phone
For everything I've ever wanted
That's why every time I'm ringing your phone
Kinda hoping you're too busy
I want hard to get
I want you to be, I want you to be
A little

Remember our first date
And how I thought you'd stood me up
Stood me up
Ooh, half an hour late
I'd been waiting outside in the rain for ya
Ooh

Baby, don't you know
We could have more fun
If I don't get what I want?
Don't wanna feel like I've won

I want you to be hard to get
Nothing good comes for free
Can't you pretend you're hard to get?
I want you to be, I want you to be
'Cause everyday I look through my phone
For everything I've ever wanted
That's why every time I'm ringing your phone
Kinda hoping you're too busy
I want hard to get
I want you to be, I want you to be
A little

You know I like you
How I like it just a little more
If you could hold back

Leave me something to be wanting for
Keep me hanging
And I promise you I won't get bored
That's why I want you to be

I want you to be
I want you to be hard to get
Nothing good comes for free
Can't you pretend you're hard to get?
I want you to be, I want you to be
'Cause everyday I look through my phone
For everything I've ever wanted
That's why every time I'm ringing your phone
Kinda hoping you're too busy
I want hard to get
I want you to be, I want you to be
A little
