

Never Dance Again

Samantha Harvey

Standing here by the door
With my heart on the floor
Whispered words that you said
Spin like records in my head

There's no light in this lonely room
Without you

And I'll never dance again, dance again
And I'll never dance again
Til you dance again with me
I refuse to move my feet
Til you're back with me
I'll never dance again
I'm going to stand till I could stone
I refuse to dance alone
That's how its gonna be

Light on my feet, used to feel like I was floating
Now look at me, like a statue standing frozen

There's no beat in this broken heart
While we're apart

And I'll never dance again
Til you dance again with me
I refuse to move my feet
Til you're back with me
I'll never dance again
I'm going to stand till I could stone
I refuse to dance alone
That's how its gonna be

Nothing's gonna move me
Move me the way you do
So it looks like I won't be moving
Anytime soon...

I'll never dance again
Til you dance again with me
I refuse to move my feet
Til you're back with me
I'll never dance again
I'm going to stand till I could stone
I refuse to dance alone
That's how its gonna be...

Nothing's gonna move me
Move me the way you do...
