Back 2 Back

Samantha Jade

When you wake up and it's one of those days
Spilt your coffee and you're running real late
You know that when that rain comes down
It pours out, yeah
When your lover's made another mistake
And you're nowhere near on the same page
But you don't say a thing out loud
Or make a sound

Who do you call
Who do you call
When you get into a spiral
You don't gotta do it solo
Just let it out

When you've got no fight
And your head don't feel right
Walking on a thin line
Don't forget to breathe
Breathe deep
Even on dark nights
Praying for dry eyes
Don't ever dim your light
You just gotta breathe
Believe me
'Cause

I got your back, babe (I got your back)
I got your back, babe (I got your back)
If ever you fall
I'ma stand tall
Back to back to back
Always

I'm the one that's gonna listen, take the weight
I'm the one that's gonna be your safe place
No matter what's been going down
I'm here all out, yeah
See it's all about the give and take
I got you and you got me
So go ahead and say it loud
I'll be your ground

Who do you call
Who do you call
When you get into a spiral
You don't gotta do it solo
Just let it out

When you've got no fight
And your head don't feel right
Walking on a thin line
Don't forget to breathe
Breathe deep
Even on dark nights
Praying for dry eyes
Don't ever dim your light

You just gotta breathe
Believe me
'Cause

I got your back, babe (I got your back)
I got your back, babe (I got your back)
If ever you fall
I'ma stand tall
Back to back to back
Always

When you've got no fight
And your head don't feel right
Walking on a thin line
Don't forget to breathe
Breathe deep
Even on dark nights
Praying for dry eyes
Don't ever dim your light
You just gotta breathe
Believe me

I got your back, babe (I got your back)
I got your back, babe (I got your back)
If ever you fall
I'ma stand tall
Back to back to back
Always
You got my back, babe (you got my back, babe)
You ain't gotta worry
If ever I fall
You've got stand tall
Back to back to back
