

# Bounce

Samantha Jade

I couldn't touch the sky, baby  
My head and my heart were so blue  
Couldn't run for miles, baby  
Was getting sick of sitting in the same room

The million times I tried, baby  
You'd think by now I'd paid all of my dues  
They couldn't make me smile, baby  
Cause they were never my type and they weren't you

I-I-I'm a rollercoaster  
I never told ya  
But you never leave my side  
Yeah-yeah I get emotional  
With just one dose of  
You and boy you get me high

Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my step  
In my step, in my  
Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my step  
Just like that, yep

You're spinning all around  
In my head, in my head  
In my head, in my head  
In my head, yep  
Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my  
And I'm feelin' it, whoop

You're bound to change my life lately  
Coming at me from a new point of view  
I'm feeling borderline crazy  
So crazy, so crazy, it's so good

I-I-I-I'm a rollercoaster  
I never told ya  
But you never leave my side  
Yeah-yeah-yeah-yeah I get emotional  
With just one dose of  
You and boy I get so high

Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my step  
In my step, in my  
Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my step  
Just like that, yep

You're spinning all around

In my head, in my head  
In my head, in my head  
In my head, yep  
Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my  
And I'm feelin' it, whoop

Love harder, love faster  
I know where we're going is farther  
Love harder, love faster  
Are you feelin' it? Are you feeling it?  
Are you feelin' it? Are you feeling it?

Love harder, love faster  
I know where we're going is farther  
Love harder, love faster  
Are you feelin' it? Are you feeling it?  
Are you feelin' it? Are you feeling it?

Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my step  
In my step, in my  
Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my step  
Just like that, yep

You're spinning all around  
In my head, in my head  
In my head, in my head  
In my head, yep  
Yeah, you put that bounce (bounce, bounce)  
In my step, in my step  
In my step, in my  
And I'm feelin' it, whoop
