

# Can't Let You Go

Samantha Jade

Yeah  
What you doing to me baby  
Yeahh  
I cant let you go

Even though you keeping me frustrated  
It still feels so right  
I try so hard not to be jaded  
Every time you lie  
Try so hard to  
Get you off my mind  
You know that I be running back to you  
My love is blind  
I know it aint right

It just ain't right  
He won more time  
Like there's too much to leave behind  
Want to move on  
But I cant

No I just cant let you go  
Coz I been loving you too long  
Take it back to how it was baby  
You know I'm goin crazy  
Oh I cant do this no more  
Coz I just cant let you go  
I keep on coming back for more  
Told myself now its over  
But I still love ya  
I cant let you go

I don't think time will ever make it  
No matter how hard I try  
But you convince im mistaken  
When you go and do the things you  
We used to do  
That made me fall for you  
Then you turn around  
And say something  
That proves me right  
baby this aint right

I know I'm a fool  
To think that I need you in my life  
I should know better but  
When im with you  
I forget about the past  
No, the fights we had dont matter  
I know im just playin myself  
But I don't care

I dont wanna let you go neither  
To tell ya the truth mami I need ya  
Anything to please ya  
Body of a Diva  
She hotter than a fever  
Try to cool it down  
Ice rocks on her finger  
When I get upset or frustrated  
She sing to me  
Getting paid she aint gotta  
Cook n clean for me  
Tried to leave a couple times  
But she came bak  
Cant let you go  
Im not ashamed to say that
