

Illusions

Samantha James

The magic in my life

Connected to a higher plane
But never too far away
Living in a peace I found
That now unites our souls

Feeling your energy
Receiving the gifts you leave
Never too mysterious for me
To hear your sound

'Cause I'm walking on a different ground
Seeing in between the clouds
You're helping me find a way
To you

These illusions keep me flying
Take me higher to the light
Showing me the magic in my life
All these visions they surround me
Help illuminate my mind
Showing me the magic in my life

'Cause you are all the magic in my mind

Walk around the world you see
Illuminating eyes you read
Awakening the melodies
Floating all around

Believe me I'm serious
It's living in all of us
I just know its time
To face the light

'Cause I'm walking on a different ground
Seeing in between the clouds
You're helping me find a way
To you

These illusions keep me flying
Take me higher to the light
Showing me the magic in my life
All these visions they surround me
Help illuminate my mind
Showing me the magic in my life

'Cause you are all the magic in my mind

These illusions keep me flying
Take me higher to the light
Showing me the magic in my life
All these visions they surround me
Help illuminate my mind
Showing me the magic in my life
