Always felt somethin was missin,

```
I was callin out your name,
Hopin one day I would find you,
Coz was blinded by the pain
Spend a long time waiting for me to come home
(I'm gonna find my way)
Such a long time waiting for me to come home
(So won't cha lead the way)
Let me feel light
Let it shine till I may find you
Let me feel light
Let it shine for what may find youuuuuuu
I don't feel like I'm different, without youuuuuuu
Does it feel like I'm different?
I've known you've always been beside me
I feel you presence everywhere
Took some time for me to listen
But now i'm ready to begin
Spend a long time waiting for me to come home
(I'm gonna find my way)
Such a long time waiting for me to come home
(So won't cha lead the way)
Let me feel light
Let it shine till I may find you
Let me feel light
Let it shine for what may find youuuuuuu
I don't feel like I'm different, without youuuuuuuu
Does it feel like I'm different? (2nd Chorus without youuuuuuu
(I'm gonna find a way)
(So won't cha lead the way)
Without youuuuuuu
Without youuuuuuu
Without youuuuuuu
Without youuuuuuu
Without youuuuuuu
```
