

Everything is cloudy
I cannot see the way
Darkness all around me
I miss the light of day
Name in the news
and the blues are taking over
Everybody's talking
But I don't hear the words
I can see them flocking
A world of lonely birds
I don't know what to do
So I struggle to stay sober
I do it my way
I don't wanna be afraid
I don't wanna be a slave
I don't wanna live your life
I do it my way
Everybody's doubting
Every step I take
And then make a mountain
For my smallest mistakes
I put on a smile
While the cameras keep on flashing
And I had a woman
Standing by my side
But she left me lonely
Now only spreading lies
Why do they do
What they do
Is what I'm asking
I do it my way
I don't wanna be afraid
I don't wanna be a slave
I don't wanna live your life
