

## Bovine Excision

Samia

Diet Dr. Pepper, Raymond Carver  
Sitting in the bathtub while they're knocking  
I wanna be untouchable  
I wanna be untouchable

You took the door off its hinges  
Doll eyes red in the litmus  
I felt the pea, can I eat it?  
I felt the pea, can I eat it?

Picking leeches off white underwear  
Neck, back, inscrutable stare  
I wanna be impossible  
I wanna be impossible

Fred flirts with the bartender  
We met last year here, remember?  
She says I'm old but I'm not dead  
She says I'm old but I'm not dead

Rice wine, lime flavored Lays  
Passing go to sit in driveways  
Clad in leopard, clutch the Bannister  
Twirling like a Degas dancer

I just wanted to be your friend  
Cup of tea in your cold hand

And drained, drained bloodless  
And drained drained bloodless  
And drained, drained bloodless  
And drained drained bloodless
