

Limbo Bitch

Samia

Take down, take heed
Fifth inning, cold feet

Call me names up there
Tugging at my cheeks
Higher, wider mouth slithering
On this high rise, watch the sea of dots go dun-dun-dun
Can't believe I'm touching pieces of when you were young

Good girl, sharp teeth
Your mouth, my feet

You can limbo, bitch
Dance before you quit
You can limbo, bitch
Dance before you quit

Put my panties on
Dance like you're the whore
Fold the flower out
Mine is yours
Happy birthday, angel
Take it with your bleeding hand
Think I like your mama too much not to say Amen

Good lord, we'll see
You can, have me

You can limbo, bitch
Dance before you quit
You can limbo, bitch
Dance before you quit

Good fox, they bite
You won't, you might

You can limbo, bitch
Dance before you quit
You can limbo, bitch
Dance before you quit
