Samia

There's us again  
In a 747  
Over the ocean  
That's how you ruin that

Weightless  
Eyes closed  
Let go  
Let it take you down  
Take me down

Am I missing something  
Who was I when I bought these pants  
They're non refundable  
Now I'm questioning everything I am

Weightless  
Eyes closed  
Let go  
Let it take you down

Weightless  
Eyes closed  
Let go  
Let it come around

Not today, no ballroom tears  
I can't make this disappear  
And how long has it been here?  
And how long have I been here?  
But wait what is that sound  
It's sharp it's sad it's loud  
Too then to be right now  
I'll trade the why for how

Weightless  
Eyes closed  
Let go  
Let it take you down

Weightless  
Eyes closed  
Let go  
Let it come around  
(Come around)  
Come around

Wanna see what's under these Levis?  
I got nothing under these Levi's  
Wanna see what's under these Levis?  
I got nothing under these Levi's  
Wanna see what's under these Levis?  
I got nothing under these Levi's  
Wanna see what's under these Levis?  
I got nothing under these Levi's  
...

Not today no ballroom tears  
Lipstick on my teeth in the mirror  
How long has this been here?  
How long have I been here?  
But wait what is that sound  
It's sharp it's sad it's loud  
Too then to be right now  
I'll trade the why for how

Sometime in august, one can of biscuits  
You got to hold on  
24 miller lites and the dog on the couch  
With her shirt on  
Summer of 23 but I can't remember  
The last one  
Maybe you start living the moment you stop  
Feeling so dumb  
Pink blossoms luring you to an invitation  
From the sapling  
Makes you wonder which magical things  
Were already happening
