

## Sea Lions

Samia

Screaming, "Porn kills love"  
Outside your window with the Adventists  
I know it's wrong  
Can't remember how I got like this  
You said when I come on the radio  
It makes you wanna die  
Well, if I shut up  
Can I come inside?

I don't wanna talk  
I don't really wanna work it out  
We're too far gone  
I just wanna see your house  
You're looking at me like I'm the stranger here  
I'm as strange as I'm standing in your mirror

I'll remember it June, 7PM  
Getting pasta, watch your screensaver  
Sea lions swim  
Wear my hat that you hate  
To the party and laugh at the movie posters  
We'll never be like those lucky poseurs

Why's your phone going to voicemail?
