

Lake Speed

Samiam

Out on the freeway
Away from the track
Another tenth place
Never gonna be in the black

Everyone's dancing
Gold and champagne
Drank a few tall boys
To wash away my shame

Can't buy you things
Can't buy your love
Lost all my sponsors
Don't know what I'm driving for

See the way you look at me
With pity and confusion
Tried to be your everything
Always end up losing
Thought someday my time would come
Sacrificed and prayed
Up ahead the flag goes down
While I melt away

Out on the freeway
Away from it all
Green lights are fading
Gathering dark
