

## Bees N Things

Samm Henshaw

Wherever you're going  
Just make sure you take me with you  
Oh, yeah...  
Wherever life takes you, baby  
Just make sure it takes me with you  
Make sure that there is room for two

Lovers and strangers  
Monsters and angels  
Always close and yet so far  
Love is a dangerous game we play  
Hard to explain why we are here  
But here we are

Penny for your thoughts and a dollar for diamonds  
Love is worth the wait till the roses are dying  
First you gotta know if it's worth all the trying  
Is it worth it or not? Cause it's worth it

Wherever you're going  
Just make sure you take me with you  
Oh, yeah...  
Wherever life takes you, baby  
Just make sure it takes me with you  
Make sure that there is room for two

Separate the feeling  
Fantasy or real thing  
Make-believe or what is true  
Truth is what I get from you  
Well, tear up the notion  
Grades go devotion  
I can't separate from you, no, yeah

Penny for your thoughts and a dollar for diamonds  
Love is worth the wait till the roses are dying  
First you gotta know if it's worth all the trying  
Is it worth it or not? Cause it's worth it

Wherever you're going  
Just make sure you take me with you  
Oh, yeah...  
Wherever life takes you, baby  
Just make sure it takes me with you  
Oh, yeah...  
Wherever life takes you, baby
