

# Closure

Sammie

You've been waitin' for apologies I never ever gave you  
Left you out to drown, was supposed to save you  
All you wanted was my love, I wasn't able  
Damn my pride, and lies  
Knowin' you've invested so much time  
Baby I should've told you  
That I too needed closure

Oh woah, closure  
Oh woah, closure  
It makes us closer, closer, closure  
I'm sorry that my pride, didn't let me dot your line  
Oh woah, closure, ayy, hey  
Oh woah, closure  
Girl let me hold you, hold you, closure

Baby I should've told you  
We could've been back by now  
Let bygones be bygones  
Instead it's just sad songs  
And late nights with me of just thinking 'bout you  
Oh, prayin' that you thinking 'bout me too, oh  
Baby I'm winnin', out here, yeah, I'm winnin'  
But baby it's somethin' that's missin'  
I know we ain't talkin' to many  
When this song comes on, hope you listen

Woah, oh, closure, ayy, hey  
Woah, oh, closure (Closure)  
It makes us closer, closer, closure  
I'm sorry that my pride, didn't let me dot your line  
Oh woah, closure (Closure), yeah  
Oh woah, closure  
Girl let me hold you, hold you, closure

Baby I should've told you  
Oh woah, closure  
Oh woah, closure  
It makes us closer, closer, closure  
I'm sorry that my pride, didn't let me dot your line  
Hope you feel my cry  
No longer can deny, ayy, hey  
Oh-oh, oh, oh, listen

No more us focused on arguments (Ayy)  
No more us worried who started it (Ayy)  
I'm takin' my pride and I swallowed it  
I'm takin' this love put my heart in it (Woah)  
Since you my queen, girl I bow to you  
Erase all the pain that I put you through (Put you through)  
I cover this union, I vow to you  
I cover this union, I vow to you  
We protect, provide, you be my side  
Together we can ride, together we can vibe  
Love will never die, girl it's you and I, oh

Woah, oh, closure

Baby come closer  
Girl, let me hold you  
Oh, ooh, woah, closure (Closure)  
Pride
