

Mechanic

Sammie

(Ooh)

I can see the tears in your eyes
I know that you're tellin' a lie
When you say there's nothin' wrong with you. (Ooh, I, ooh)
Know you heard this a thousand times
But I'm not like them other guys.
If you give me just one chance
I'll prove

That I can make it better
I'll ride with you through this weather.

Baby, your a diamond in the rough
All you really need is some tender love
Baby again no

I can see you're hurting but it's over now
Trust in me
Baby let me be your mechanic and I'll fix it

I'll fix it
All you gotta do
Is pull up to my shop and let me work on you
Baby let me be your mechanic and

I'll fix it (Ooh, ah, ooh)

(Ah, oh ah oh ah oh oh)
I see you cryin like
(Ah, oh ah oh ah oh oh)
I hear you cryin like
(Ah, oh ah oh ah oh oh)
It's hard to find like
(Ah, oh ah oh ah oh oh)

Shawty let down your guard
Just trust and open up your heart.
It's time to let me wipe your problems clear. (Ooh, ah, ooh)
Believe me baby it ain't hard.
But you're afraid cause he left you scarred
Stick with me this is what I'll do

That I can make it better (I can make it better)
I'll ride with you through this weather. (Baby)
