

# Merlot

Sammie

Baby girl I know it's kinda late  
Didn't mean to wake you up, no  
But this bottle's gotten low  
And these thoughts begin to flow  
Like the river, ah,  
Baby are you there, good,  
Cause there's things I wanna say  
I wanna spill my love to you, babe, yeah  
I've been holding this too long

You see I know I've cause you pain  
But girl you stayed right here  
Right by my side  
And darling I know I've cause you rain  
And I regret every last tear  
But I'm changing it up now  
And I think you should know that I'm

Madly in love, madly in love  
Madly in love, madly in love with you girl  
And I never told you before  
But I think you should know that I'm  
Madly in love, madly in love  
Madly in love, madly in love with you girl, whoa  
Damn this merlot, merlot,  
Damn this merlot, whoa, yeah

I sent you flowers for each and every argument  
And I'm gonna make up for being places  
I shouldn't have been  
And I'll make love to you over and over again  
Yes I will  
Baby about that I'll be the very best I can be  
Your only worry's waking up  
You leave the rest to me,  
Girl, would you like that?  
Baby I'm

Madly in love, madly in love  
Madly in love, madly in love with you girl  
And I never told you before  
But I think you should know that I'm  
Madly in love, madly in love  
Madly in love, madly in love with you girl, whoa  
Damn this merlot, merlot,  
Damn this merlot, whoa, yeah

Sweet lady, I know I sound crazy  
But I've been tryina find the perfect time  
To pour out my heart girl, whoa, yeah  
And I've been fronting, playing hard all for nothing  
Cause I've been knowing all along  
That you got my heart, yeah, oho  
Baby I'm

Madly in love, madly in love  
Madly in love, madly in love with you girl

And I never told you before  
But I think you should know that I'm  
Madly in love, madly in love  
Madly in love, madly in love with you girl, whoa  
Damn this merlot, merlot,  
Damn this merlot, whoa, yeah
