

# One Way Street

Sammie  
Yeah  
I'm back  
Empire  
Listen

Riding round, head down, thinking what to say  
Cause inside girl I know its gone come a day when I  
Gone have to tell you, baby  
I think that I fell out of love  
Started so innocent swear to God it was  
We was just trying to be homies  
But it stepped up on me  
Now I can't fight it and there's no use to lying

She was with her friends  
I, I met Dem somewhere  
Hooked up with some friends cause I, I never go there  
I wanted to see her more and more, I lost control  
Now I'm driving down this one way street babe

I know the way I'm headed is dead wrong  
But I just can't leave her love alone  
It's got a hold on me, taking control of me  
But I don't mind, one way street babe  
I can see the traffic coming head on  
But I'm weaving through it like it ain't nothing  
Risking my life for your loving  
Speeding down this one way street babe

Yes I love you, but when I'm with her  
Girl it ain't no words that I can say to explain  
The way that she makes me feel  
Started with a kiss, a kiss became much more  
It hurts to hear all this I know  
But I'm leaving it on the floor tonight  
And I can't fight it, there's no use defying

She was with her friends  
I, I met Dem somewhere  
Hooked up with some friends cause I, I never go there  
I started to need her more and more, I lost control  
Now I'm driving down this one way street babe

I know the way I'm headed is dead wrong  
But I just can't leave her love alone  
It's got a hold on me, taking control of me  
But I don't mind, one way street babe  
I can see the traffic coming head on  
But I'm weaving through it like it ain't nothing  
Risking my life for your loving  
Speeding down this one way street babe

Risking everything for you, you  
And I can't live my life without you, you  
I live to make love to you, you  
I'm kissing every breath from you, you

Risking everything for you, you  
And I can't live my life without you, you  
I live to make love to you, you  
I'm kissing every breath from you, you

One way street babe  
I know the way I'm headed is dead wrong  
But I just can't leave her love alone  
It's got a hold on me, taking control of me  
But I don't mind, one way street babe  
I can see the traffic coming head on  
But I'm weaving through it like it ain't nothing  
Risking my life for your loving  
Speeding down this one way street babe
