Sammie

What if you went out to club and didn't call me back  
Then when you do all you hit me with is my bad  
What if I went through your phone and I found out that  
You fucked that nigga  
You really fucked that nigga  
(What the fuck)

Girl, I couldn't take it  
I would lose my mind  
I would close my eyes, my eyes  
Cause girl I couldn't face it  
That would crush my pride  
That would kill my vibe  
Oh my

Why do we diss shit that why do we put y'all threw  
Shit that we couldn't take to be real with you  
I'll be singin' the blues  
Wouldn't last a mile in your shoes  
I'll be singing the blues yeah  
Wouldn't last a mile in your shoes, your shoes, your shoes

What if I caught you up yet then still you lie  
Knowing I got the proof and yet and still you lie  
Look dead in my eyes  
What if you tried to fix so its all my fault  
Then turn around and call me crazy like I'm the cause  
For it all

Girl I couldn't take it  
I would lose my mind  
I would close my eyes, my eyes  
Cause girl I couldn't face it  
That would crush my pride  
That would kill my vibe  
Why do we get shit and why do we put yall through  
Shit that we couldn't take to be real with you

I'd be singing the blues  
Wouldn't last a mile in your shoes  
I'd be singing the blues yeah  
Wouldn't last a mile in your shoes, your shoes, your shoes  
I'd be singing the blues  
Wouldn't last a mile in your shoes  
I'd be singing the blues  
Wouldn't last a mile in your shoes, your shoes, your shoes

To my exs yeah I'm sorry for the break ups  
I was supposed to stick around  
I was supposed to stay down  
They say we break up to make up  
That ain't how it played put  
I'm all played out

Hanging my towel up  
I ain't done playin' I was childish  
Cause if yall did what I did

I know, I know  
I'd be singing the blues  
(I'd be singing the blues)  
Wouldn't last a mile in your shoes  
(Wouldn't last a mile in your shoes)  
I'd be singing the blues  
Wouldn't last a mile in your shoes, your shoes, your shoes  
I'd be singing the blues, yeah  
Wouldn't last a mile in your shoes  
I'd be singing the blues  
Your shoes, your shoes, your shoes
