

## Success vs Love

Sammie

True story  
You like that

So you gon' up and leave like that, yeah  
Knowin' what I came from  
Knowin' I got over my ex for you  
Now it's on to the next (Woo woo)  
I loved your son like he was my own  
I moved y'all in, I gave you a home  
I cut the thotties off, I cut the thotties off, yeah, yeah  
I put all my issues, yeah, to the side  
And though I'm a man, I swallow my pride  
I cut the thotties off, I cut the thotties off

Success and love, success and love  
You can't have both, I can't have both, nah  
Success and love, success and love  
Success done took my home, my happy home, ayy, yeah  
Can't have my cake and eat it too  
Success and love, oh girl  
What's a man to do? Yeah

When you met me, girl, you told me that I'm yours and you're mine for all time  
My career took off and everything switched up and now I'm too much, aight?  
So now I gotta lose you, baby, that's the price of fame  
Don't wanna be alone too long, yeah, so I'ma go my savage ways  
Where I'm sleepin' with girls every night 'cause I can't sleep alone, yeah ('Cause I can't sleep alone)  
I would rather be takin' lil' man to school in the morning, yeah (School in the morning)  
But here I am, scrollin', scrollin' my goddamn phone (My goddamn phone)  
Hopin' that you will call me  
Baby, come back home

Success and love, success and love  
You can't have both, I can't have both, nah  
Success and love (Success and love), success and love  
Success done took my home, my happy home, ayy, yeah  
Can't have my cake and eat it too  
Success and love, oh girl  
What's a man to do? Yeah
