

Touch Yourself

Sammie

Do you remember what you said?
When I was deep
With my hands around your neck
I asked you was it mine
That's when you screamed out yeah (That's when you screamed out yeah)
So, you betta make sure that you keep your promises
Even when I ain't there

If you wanna touch yourself
As long as you keep your mind on me
Me and nobody else
I love when you
Wanna touch yourself
Do it until you fall asleep
Call me if you need help

And you know that I'll be there for you (For you)
Either FaceTime or I'm on my way (on my way)
GPS told me there ain't no traffic delay (traffic delay)
ASAP, (ASAP) pronto, (Pronto) girl that's Andale (Andale)
I know how your body works I don't wanna be late
So hold it down til I get around you if you can (if you can)
