Sammie

Mmmmm

You told me you loved me (Yeah)  
And I told you loved you (Yeah)  
Thought we were meant to be together (Yeah)  
I had a situation (Yeah) that I was goin' up through (Yeah)  
Dammit I should've known better

Fallin' in love with you ain't right  
'Cause I got a shawty  
And someone's gonna end up cryin'  
And I don' put in so much time  
Thought I was confused  
But I choose you  
I'm tired of this...

Triangle date love, triangle date love  
Promised to go on and you got me baby  
Triangle date love, triangle date love  
Following my heart, though it's gon' hurt my baby  
I fell in love with you  
Don't want my cape and neither two  
So I'm choosing (You, girl, yeah baby)  
Triangle date love, triangle date love  
Promised to go on and you got me baby

Who knew that I would end up hurtin' the one I once loved?  
Baby I apologize  
I know these words don't make any better  
But I had to express how I was feeling inside

Fallin' in love with you ain't right  
'Cause I got a shawty  
And someone's gonna end up cryin'  
And I don' put in so much time  
Thought I was confused  
But I choose you  
I'm tired of this...

Triangle date love, triangle date love  
Promised to go on and you got me baby  
Triangle date love, triangle date love  
Following my heart, though it's gon' hurt my baby  
I fell in love with you  
Don't want my cape and neither two  
So I'm choosing (You, girl, yeah baby)  
Triangle date love, triangle date love  
Promised to go on and you got me baby

On one hand I feel bad  
But on the other my heart says "Go"  
Watchin' my baby drown in tears  
It ain't easy and it hurts me so  
But girl I love her and she's more compatible and I can't let her go  
I know this gon' hurt you (Extend)  
But it hurts me too (I'm Sorry)  
But I'm tired of this...

Triangle date love, triangle date love  
Promised to go on and you got me baby  
Triangle date love, triangle date love  
Following my heart, though it's gon' hurt my baby  
I fell in love with you  
Don't want my cape and neither two  
So I'm choosing (You, girl, yeah baby)  
Triangle date love, triangle date love  
Promised to go on and you got me baby
