Sammie

Woah (Rock me baby)

Girl sit down I really gotta say this
It's a lot to say take, take
Deep inside, I really shouldn't say shit
Cause I know you're gonna hate, me

Baby my heart is split up into pieces (Pieces)
And I think I'm still in love with my ex (Ex, ex, ex)
And yeah I love you too and baby that's the problem (Problem)
Cause I know can't have both, don't know what's next

I'm so confused, one heart, but I love two
I'm so confused, one heart, but I love two
One heart, one heart
(Two) One heart, one heart, loves two, loves two
One heart, one heart, lo-lo-loves two, loves two
One heart, one heart, lo-lo-lo-loves two, loves two
Loves two, loves two

When you call, she texts
And it's crazy how that works
It throws me for a loop, oh no (Whoop!)
And when we sex, my mind be on you, you, you, baybayyy

Baby my heart is split up into pieces (Pieces)
And I think I'm still in love with my ex (Ex, ex, ex)
And yeah I love you too and baby that's the problem (Problem)
Cause I know can't have both, don't know what's next

I'm so confused, one heart, but I love two
I'm so confused, one heart, but I love two
One heart, one heart
(Two) One heart, one heart, loves two, loves two
One heart, one heart, lo-lo-loves two, loves two
One heart, one heart, lo-lo-loves two, loves two
Loves two, loves two

Loves two, loves two
