

Drip

Sammy Adams

Drip, drip, drip drip, drip
Drip, drip, drip drip, drip drip
Drip, drip, drip drip, drip
Drip, drip, drip drip

Big drip, you can't beat this on your best day
Three set, zero seasick off my own waves
G6, pull my C6, gotta fly safe
Seasick, seasick off my own waves

Still on that diesel, we still running off of fuel (gas)
Never run out, pandemic, then I start to cruise (facts)
Stack up for reasons just in case we ever lose, yeah
But we never do
Leveled up from when this whole thing started
Duffle full of bread, we gon' pull up on you regardless
Rollie presidential off some shit that I recorded
Baguettes on my wrist look like a frozen reservoir, yeah

Drip, drip, drip drip, drip
Drip, drip, drip drip, drip drip
That's that, that's that

Big drip, you can't beat this on your best day
Three set, zero seasick off my own waves
G6, pull my C6, gotta fly safe
Seasick, seasick off my own waves

Won't sell my soul, leave that all out (all out)
I'm the air, puffing all out
I make it rain till they all drown (bet)
Blue faces on the ceiling till they fall down, yeah
On a wave, I just hurtm I get paid by the serve
Ándale, I just skrrt (skrrt, skrrt, skrrt)
In my bag, why you hurt? Zigzagging off a perc
All this shit is like work, got the big ass

Drip, drip, drip drip, drip
Drip, drip, drip drip, drip drip
That's that, that's that

Big drip, you can't beat this on your best day
Three set, zero seasick off my own waves
G6, pull my C6, gotta fly safe
Seasick, seasick off my own waves
Big drip, you can't beat this on your best day
Three set, zero seasick off my own waves
G6, pull my C6, gotta fly safe
Seasick, seasick off my own waves

Drip, drip, drip drip, drip
Drip, drip, drip drip, drip drip
Drip, drip, drip drip, drip
Drip, drip, drip drip, drip drip
