

Fall Back

Sammy Adams

Sammy Adams

JayCeeOH

And they sayin' we back, yeah

Sayin' what?

Oh yea, they sayin' we back

Let's go

Yeah get your hands up

Yea yea get your hands up

Say get your hands up

1, 2, 3 yeah

Poppin' pills like I'm sick, boy

We're number one, don't forget, boy

I'm a machine, I'm runnin' a team

From the fuckin' arena just set croy

Out in life, the vacation flow

Reppin' USA everywhere I go

Got it on my arm so you already know

That I'm comin' for your spot, I'm bringin' JayCeeOH

Woo new Sammy track

Never run away but it's cool, fall back

Always been cool so the famous adds

To the fact that we had the whole room so packed

We good, we don't need no cars

The team like being in the city don't see no stars

Whatup haters, I'm back to how my dick taste

Still good? K good, get it all back

Back back back, rollin' through your city

It's the music catchin' feelin'

Everybody's screamin', I'm back

Back back back, rollin' through your city

It's the music catchin' feelin'

Everybody's screamin', I'm back

Back back back, rollin' through your city

It's the music catchin' feelin'

Everybody's screamin', I'm back

Back back back, rollin' through your city

It's the music catchin' feelin'

Everybody's screamin', I'm back

Harder than ever, my balls are sharper than cheddar

Smell like tobacco and leather

Thanks time, nobody's better than that

That that, spazzin' need medication

You hear with a dedication, refuse to take a vacation

Fall back

I'm on a couple like two bitches that I'm fuckin', yeah

Enrique doing doubles like

I'm a fucking drug and I'm crack

I'm a nobrainer, I'm a fuckin' entertainer

I'm just bring the fuckin' slice of mad mafucka, fall

back

Back back back, rollin' through your city

It's the music catchin' feelin'
Everybody's screamin', I'm back
Back back back, rollin' through your city
It's the music catchin' feelin'
Everybody's screamin', I'm back

Back back back, rollin' through your city
It's the music catchin' feelin'
Everybody's screamin', I'm back
Back back back, rollin' through your city
It's the music catchin' feelin'
Everybody's screamin', I'm back
