

# Only One

Sammy Adams

O-Only one  
O-Only one...o-one  
O-Only one

You were so out of my league  
Like I was lost for words  
I couldn't even begin to speak right  
Not to mention each night  
Couldn't seem to spark that conversation  
I kept stalling out just waiting  
At the green light (g-g-g-green light)  
Push the clutch and finally broke the damn ice  
Would have done it sooner had I knew you were intrigued by me  
Had no idea kept making these excuses  
Now you're mine and I'm gon' prove it  
I'm gon' prove it, I'm gon' prove it

Just had to say you're the only one  
I can't deny it or stall any longer  
Girl you have done the impossible  
Can't even lie you're the only only only one  
Ohh  
Girl you're the only one  
Ohh Ohh  
Girl you're the only one  
Ohh  
Girl you're the only only only one

Girl, you would so be on that fly shit  
And I can't even tell you or explain how wide my eyes get  
When you walk in the room it's  
Hard to keep a friendly conversation  
Cuz everyone's stuck on my chick  
My my my my my my chick  
Everyone look at my chick  
She got the touch and moves to make me lose it  
When we grinding  
She make the room light up but that's the last thing on her mind  
Dude told me this would happen I just thought that he was lying

Just had to say you're the only one  
I can't deny it or stall any longer  
Girl you have done the impossible  
Can't even lie you're the only only only one  
Ohh  
Girl you're the only one  
Ohhh  
Girl you're the only one  
Ohhh  
Girl you're the only only only one  
Ohhh  
O-Only one  
Ohhh  
O-Only one o-one  
O-Only one

Crazy never thought this would happen

But your love knocked me out  
So before I write a flatten  
Any question thought or doubt  
And now I'm stuck deeper  
Yup, and I swear it's true  
But I can't go out and I can't look around  
Cuz none of these girls compare to you

Just had to say you're the only one  
I can't deny it or stall any longer  
Girl you have done the impossible  
Can't even lie you're the only only only one  
Ohhhhh  
Girl you're the only one  
Ohhhhh Ohhhhh  
Girl you're the only one  
Ohhhhh  
Girl you're the only only only one
