

# Something We Can Dance To

Sammy Arriaga

Dang girl, you move like smoke  
Through the crowd and the neon  
Every guy tryna play it cool  
But you're turning the heat on  
Back where I come from  
Nights are hotter than the days  
You could shoot me down  
But I'm just saying  
DJ's finally playing

Something we could dance to  
Take a midnight chance to  
Press your body right up to mine  
Throw back your head and close your eyes  
Maybe move my hands to  
Your hips or anywhere you want 'em to  
Feel the backbeat bumpin'  
Night's still young and  
We've got something, yeah  
Something we could dance to (Yeah, yeah)  
Something we could dance to (Yeah, yeah)

I know I came with my friends  
No, I don't wanna come off rude  
But baby, it's obvious  
That I got a thing for you  
Come on, boy, move your feet  
Oh, what you got to lose?  
I won't shoot you down  
I'm just saying  
DJ's finally playing

Something we could dance to  
Take a midnight chance to  
Press your body right up to mine  
Throw back your head and close your eyes  
Maybe move my hands to  
Your hips or anywhere you want 'em to  
Feel the backbeat bumpin'  
Night's still young and  
We've got something, yeah  
Something we could dance to (Yeah, yeah)  
Something we could dance to (Yeah, yeah)

Look, firm grip when you shake that  
All about my business  
Making good use of what your mama done give you  
Looks, ten, you got it, I need you (Goddamn)  
Good blend of Camila and Shakira  
Full-time bad ting, never part-time  
Lose memory when you back it up like a hard drive  
Past flames couldn't set the room on fire  
You look amazing  
Got 'em all stand when they playin'

Something we could dance to  
Take a midnight chance to

Press your body right up to mine  
Throw back your head and close your eyes  
Maybe move my hands to  
Your hips or anywhere you want 'em to  
Feel the backbeat bumpin'  
Night's still young and  
We've got something, yeah  
Something we could dance to (Yeah, yeah)  
Something we could dance to (Yeah, yeah)  
Something we could dance to (Yeah, yeah)  
Something we could dance to (Yeah, yeah)

(Yeah, yeah, yeah)
