

## A Second Chance

Sammy Davis, Jr.

You're more than just an end of the road  
Friend of the road with me

Can't I have a second chance?  
I won't ask for any more  
Can't you give a second chance  
When you've had three or four?

Perhaps you couldn't tell it was love  
Well, it was love with me  
But now it's turnabout, I'm out  
Does it have to be?

Can't I have a second chance?  
It's so little to demand  
Won't you take a second glance  
Then you might understand

You're more than just an end of the road  
Friend of the road with me  
You're my first my one romance  
Can't I have a second chance?

You're my first my one romance  
Can't I have a second chance?
