

Get On The Right Track Baby

Sammy Davis, Jr.

One, two, three, four, go

Get on the right track, baby
Get on the right track, baby
Get on the right track, baby
Yeah, come on home and treat me wrong again

Get on the right track, baby
Get on the right track, baby
Get on the right track, baby
Ho, come on home and treat me wrong again

Well, I feel so blue and lonely
Cried both night and day
I'm tellin' you just one more time
Come back even if you don't stay

Get on the right track, baby
You better get on the track now, child
Get on the right track, baby
Mm, come on home and treat me wrong again

Yeah, I know you know I love you, baby
And yet you broke my heart in two
But it's because I love you
And I don't care what I do

Get on the right track, baby
You better come on home now
Get on the right track, baby
Well, come on home and treat me wrong again

Well, you know I'm mad at you, pretty baby
But I'm down on my bended knee
So, please, please come back home
Set my poor heart free

Now, what I say now
What I say right now, baby
Mm, yeah now
Come on home and treat me wrong again
That's what I say now
